

OFFICER'S PRO

How to use

Officer's PRO

www.configserverllp.com

Officer's-Pro is a streamlined web application designed to assist police officers in efficiently managing documentation and investigations. The app automates the process of registering statements, generating FIRs or NCs, and maintaining daily investigation records, including evidence uploads in various formats (photos, PDFs, videos).

With features like automatic crime diary generation, ferrist management, and a downloadable charge sheet, Officer's-Pro significantly reduces the time spent on paperwork. Secure, officer-based logins ensure only registered officers have access, with all data stored locally on the officer's device to prevent data theft.

processes and enhance productivity. Our focus is on creating secure, efficient, and user-friendly applications that cater to the unique needs of professionals in various sectors.

With Officer's-Pro, we aim to empower law enforcement officers with tools that save time, reduce administrative burdens, and improve the overall efficiency of police operations. At Config Server LLP, we are committed to delivering excellence through our products and supporting those who serve and protect.

Config Server LLP is a technology-driven company dedicated to developing innovative software solutions that simplify complex

11 Feedback

The screenshot shows the 'Feedback' page of the Maharashtra Police portal. On the left is a dark blue sidebar with the Maharashtra Police logo and a menu. The main content area is light blue and titled 'Feedback'. It features a central dark grey box with the text 'We value your feedback!' followed by five emoji icons representing a rating scale from sad to happy. Below the emojis is a text input field labeled 'Enter your feedback (optional)' and a purple 'Submit' button. The top right of the page shows the user's name 'Muzan Kibutschi' and title 'Deputy Superintendent of Police'.
